Hello I'm Karolina

I'm Karolina, the heart behindThe Harpers Wedding Photography. Originally from Poland, I started my career as an English teacher before following my intuition and turning my lifelong passion for photography into my profession. Today, I have the privilege of documenting one of life's most meaningful days, and I never take that responsibility for granted.

My approach is simple: I want you to feel completely at ease. The best photographs happen when you're laughing, crying, hugging the people you love, and forgetting the camera is even there. I gently guide when needed but mostly allow your story to unfold naturally.

Away from weddings, I'm a wife, a mum of two, a yoga teacher, and I facilitate women's circles. Supporting women and helping them recognise their own strength and beauty is at the heart of everything I do, and that naturally flows into my photography.

I'm also a devoted animal lover, happiest when surrounded by my Irish Wolfhound, Bernese Mountain Dog, or exploring places like Bali and Peru.

For me, photography is about far more than beautiful images. It's about preserving the feeling of your day, the quiet moments, the joyful chaos, and the love that makes your story uniquely yours.

How I Shoot Weddings

My style is a blend of natural storytelling and beautiful editorial portraits. I love capturing your day as it unfolds, quietly documenting the real moments, but I also know when to step in and create those timeless, magazine-worthy images you'll treasure forever. The difference is, I won't keep you away from your guests for hours. I'm quick, efficient, and know exactly how to get incredible photographs without endless posing.

If being in front of the camera makes you nervous, don't worry—you're in safe hands. I'll guide you naturally, keep you laughing, and make the whole experience feel effortless.

I'm not just your photographer; I'm one of your biggest supporters on the day. I'll fix your dress, carry your phone, calm your nerves, fluff your veil, and notice the little things before you even have to ask. My couples often tell me I feel more like a friend than a supplier, and many have become exactly that. From the moment we meet, my goal is simple: to make you feel relaxed, celebrated, and like the absolute queen you are, while capturing a wedding gallery that feels authentically and beautifully yours

Questions

THE HARPERS WEDDING

1. We feel awkward in front of the camera. Can you help?

Absolutely! Most of my couples say this before their wedding. My approach is relaxed and natural, with gentle guidance when needed, so you'll never be left wondering what to do. My goal is to make you feel comfortable, confident, and completely yourselves

2.How long will we be away from our guests for photos?

Not long at all! I know your wedding day is about celebrating with the people you love. I work efficiently to create beautiful, editorial-style portraits without keeping you away from the party for hours.

3.How quickly will we receive the photos?

You'll receive a small selection of preview images within 24h, with your full beautifully edited gallery delivered within the timeframe outlined in your contract.

4.Will we need a second shooter ?

Not every wedding requires a second photographer. For smaller and more intimate weddings, I can comfortably capture your day on my own. If you're planning a larger celebration, have multiple locations, or would love even more moments and different perspectives captured, I'd be happy to recommend adding a second shooter.
