INFORMATION BROCHURE

Lora is the main face behind Wellwood Wedding Stationery

A little bit about her…

Lora started off her university studies in 2007 by receiving a Diploma in Art & Design, then went on to further her studies with a degree in Graphic Design at the University of Ulster. When others were on their placement year, Lora received a full scholarship to study Business Entrepreneurship at Morningside University in Sioux City, Iowa, U.S.A. There she was awarded the title of Business Student of the Year by the University. She returned to NI and in 2011 she graduated with a Bachelors' Degree in Design for Visual Communication and Diploma in International Studies from the University of Ulster in Belfast. Since then she has worked as a graphic designer in the industry for over 15 years, whilst specialising in bespoke packaging design for 7 years.

Lora had always dreamt of starting her own business and after designing wedding stationery for friends and family she was encouraged to take the plunge and go for it, that's how Wellwood Wedding Stationery was born!

Semi-Custom Stationery

We offer a wide range of semi-custom suites in all styles and colours, something to suit every couple. We work together to personalise these suites with the details of your special day. With prices starting from £450* semi-custom stationery can be more cost effective than opting for a bespoke design yet still offering beautiful, luxury stationery in a range of colourful styles and designs.

Our semi-custom designs come supplied with plain white envelopes, allowing flexibility for upgrades if desired. Upgrades include deluxe envelopes, wax seals, hot foiling, white ink and organic hand dyed ribbons.
Envelope addressing is a popular option for convenience when posting, this service incurs an additional charge but can be worthwhile to save valuable time on the lead up to your wedding. Semi-custom invitation suite designs can be extended throughout on the day stationery, allowing for a consistent look.
On the day stationery includes items such as table plans, welcome signs, place cards, vow books, table numbers, order of service books, signage, menus and more!

We work with all of our couples to make sure their stationery is perfect and compliments their vision for their wedding day.
Every detail counts and we are willing to go the extra mile to make your dream stationery come to life.

*Price calculated for x30 standard print invitations, x30 details cards, x30 RSVP cards, x30 plain white envelopes and semi-custom design fee

Bespoke Stationery

Want something unique for your wedding, then bespoke is the route to go. Let us create breathtaking stationery exactly the way you want it. We will work together to discover your style and perfect your design while exploring luxury options, such as hot foil pressing, debossing, white ink, custom die cutting, digital foiling and also select finishing upgrades, such as personalised wax seals, hand-dyed organic silk ribbons and deluxe envelopes.

Designing a bespoke suite is a time consuming process, it takes time to get things just right. We start the process with a consultation, this allows us to get all the details needed to create a design proposal. Bespoke design fees start from £500* for pre-wedding items such as Save the Dates and this will also cover the formal invitation suite (includes main invitation, RSVP and details card). Custom venue illustrations and monograms will incur an additional design charge, this is dependent on the complexity. Bespoke designs can be extended through your on the day stationery with items such as vow books, order of service books, menus, placecards, welcome signs, table plans, venue signage, etc. Adding on the day stationery will increase the design fee slightly in relation to items required and design time.

*We are committed to make sure your stationery is perfect for your special day and are happy to provide a personalised and accurate quotation after initial consultation for all bespoke orders.

"Lora created the most amazing bespoke LOTR stationery for our wedding. We were blown away with her designs and can't thank her enough. She is so attentive, she worked with us and included us every step of the way, and the final result was flawless. She is a joy to work with and the most lovely person to get to know. I couldn't recommend her more highly!"
